CALLING ALL LITTLE MONSTERS!
CARNEGIE SCIENCE CENTER TO DEBUT NEW LASER SHOW FEATURING LADY GAGA

PITTSBURGH — Calling all Little Monsters! Carnegie Science Center introduces Laser Gaga into the line-up of rockin’ laser shows. Beginning on Sept. 30, 2011, fans can see Lady’s Gaga’s inspirational, and sometimes eccentric, pop music accompanied by a brilliant live laser light show.

Shows are Friday and Saturday nights, at 10 pm, followed by other favorites Sublime and Midnight Pink Floyd. For just $8, visitors can see this dazzling show in the larger-than-life Buhl Digital Dome. An add-on Laser Show or Omnimax movie is just an additional $5.

Also showing in the Buhl Digital Dome are:

The Beatles Anthology: Nearly 50 years later, the British Invasion has landed in Pittsburgh once again! Take an epic journey and follow George, Paul, John, and Ringo all the way from the early songs like "Twist and Shout" to later hits like Abbey Road's "Octopus's Garden." Prudence, Lucy, and Sgt. Pepper will all be there, too. This is a music event you and the family won't want to miss!

Bob Marley: Money can't buy life were his last words. Learn of Bob Marley's amazing message to the world which promoted peace, freedom, and redemption through his reggae music and our LASER light. Join us for "I Shot the Sheriff," "No Woman No Cry," and "Could You Be Loved." Of course, this show will be "Jamming."

Laser Michael Jackson: Love Michael Jackson? "Don't stop till you get enough"… with this family-friendly Laser Michael Jackson show. Filled with vibrant laser colors and the late singer's greatest hits, the King of Pop comes alive once more with "ABC," "Beat It," "Billie Jean," and more.

Laser Sublime: Worried about "Doin' Time" in the "Jailhouse" because life is heading the "Wrong Way?" Well, don't worry, if you enjoy Ska Punk music, we have your "40 Oz to Freedom" in the form of LASERS. Come get high on light!
**Carnegie Science Center announces new Laser Show**

**Midnight Floyd**: A Buhl Planetarium classic! Midnight Floyd features a different mix of Pink Floyd albums every week, with songs from *Dark Side of the Moon*, *The Wall* and more. You may have seen Floyd in recent decades, but never like this! LASER liquid skies and full dome digital imagery will have you immersed in a Floyd experience like you've never had before!

**Laser Halloween**: Oct. 17–Nov. 3, Spooky lasers, eerie darkness, ghoulish tunes, and frightful guests! Get into the Halloween spirit with the Addams Family, the Ghost Busters, and Beetlejuice. Do the Monster Mash, the Time Warp, and your own ghastly dance. Bring the whole family for this chilling good time!

**About Carnegie Science Center**
Carnegie Science Center brings the world of science alive for visitors of all ages. One of the four Carnegie Museums of Pittsburgh, the Science Center features hands-on exhibits, three live demonstration theaters, a four-story Omnimax theater, Highmark SportsWorks®, an interactive full-dome digital planetarium, a Cold War-era submarine moored on Pittsburgh’s Ohio River, the world’s largest and most comprehensive robotics exhibition, and a world-renowned model railroad display. Carnegie Science Center is located at One Allegheny Avenue on Pittsburgh’s North Shore next to Heinz Field. Visit CarnegieScienceCenter.org, or call 412.237.3400 for more information.

**About Carnegie Museums of Pittsburgh**
Founded by Andrew Carnegie in 1895, Carnegie Museums of Pittsburgh is a collection of four distinctive museums dedicated to exploration through art and science: Carnegie Museum of Art, Carnegie Museum of Natural History, Carnegie Science Center, and The Andy Warhol Museum. Annually, the museums reach more than 1.2 million people through exhibitions, educational programs, outreach activities, and special events.
