PITTSBURGH, April 2, 2013 — Carnegie Science Center will open up for adults only on Friday, April 12, from 6-10 pm, for an evening titled 21+Sci-Fi.

For just $10 in advance ($15 beginning at noon on April 12), 21+ Sci-Fi will offer a chance for adults ages 21 and up to explore science fiction turned fact through hands-on activities and science demos.

Adults will have access to all four floors of exhibits, including SeaScape, the Miniature Railroad and Village®, SpacePlace, and roboworld™. There will be a cash bar, and snacks will be available for purchase.

21+ Sci-Fi will feature a live performance by local indie rock band, “Madeline and the Metropolis,” and a variety of presentations:

- See a real 1981 DeLorean, an iconic car-turned-time machine in the Back to the Future movies.
- Join Garrison Carida of the 501st Legion, “The World’s Definitive Imperial Star Wars Costuming Organization,” for a galactic photo op! Strike a pose with a StormTrooper!
- Explore iconic robots from sci-fi movies, including R2-D2, in our Robot Hall of Fame.
- Join the Pittsburgh Chapter of the Rebel Legion, an international Star Wars costuming organization, to come face-to-face with Jedi and Rebel Pilots.
- Check out Pittsburgh's “Ecto-1” and meet the Steel City Ghostbusters. Plus, see a giant Stay Puft Marshmallow Man on the Science Center’s brain maze!

People ages 21 and over can register for this event by calling 412.237.3400 and pressing 7, or they may click on 21+ Night on the homepage of the website, CarnegieScienceCenter.org. The $10 per person advance ticket price is only available until noon on April 12; thereafter, tickets will be sold for $15.

-MORE-
As a special perk, all registrants will receive a coupon for $15 in free slot play at Rivers Casino—just a short walk away—upon check-in.

21+ Night is sponsored by Bob FM, Q 92.9, White Diamond Vodka, and Yelp. The USS *Requin* submarine and Highmark SportsWorks® will not be open that evening.

**About Carnegie Science Center**
Carnegie Science Center is dedicated to inspiring learning and curiosity by connecting science and technology with everyday life. By making science both relevant and fun, the Science Center’s goal is to increase science literacy in the region and motivate young people to seek careers in science and technology. One of the four Carnegie Museums of Pittsburgh, the Science Center is Pittsburgh’s premier science exploration destination, reaching more than 700,000 people annually through its hands-on exhibits, camps, classes and off-site education programs.

**About Carnegie Museums of Pittsburgh**
Founded by Andrew Carnegie in 1895, Carnegie Museums of Pittsburgh is a collection of four distinctive museums dedicated to exploration through art and science: Carnegie Museum of Art, Carnegie Museum of Natural History, Carnegie Science Center, and the Andy Warhol Museum. Annually, the museums reach more than 1.2 million people through exhibitions, educational programs, outreach activities and special events.
