CARNEGIE SCIENCE CENTER TO OFFER NO-KIDS NIGHT

21+ NIGHT TO EXPLORE THE SCIENCE OF LOVE AND CANDY

PITTSBURGH, Jan. 31, 2013 — Carnegie Science Center will open up for adults only on Thursday, Feb. 7, from 6-10 pm, for an evening titled 21+ Love.

For just $10 in advance ($15 at the door), 21+ Love will offer a chance for adults ages 21 and up to explore the science behind sugar, honey, chocolate, and love—just in time for Valentine’s Day.

Adults will have access to all four floors of exhibits, including SeaScape, the Miniature Railroad and Village®, roboworld™, and SpacePlace, as well as hands-on science demonstrations. There will be a cash bar, and snacks will be available for purchase.

21+ Love will feature a live acoustic performance by The Key of X, Pittsburgh’s premier rock cover band, and presentations by beekeepers of Meadow Sweet Apiaries, soap makers of the locally-owned and operated, Hopes Soap, and vintners of Kavic Winery.

As a special perk, all registrants will receive a coupon for $15 in free slot play at Rivers Casino—just a short walk away—upon check-in.

For an additional fee, adults can participate in a wine and chocolate tasting with Palate Partners and Betsy Ann Chocolates for $8 per person.

Adults also have the option of purchasing a three-course dinner with a glass of champagne at the River View Café for $19.95 per person. Call 412.237.3422 to make a reservation. See the full menu at CarnegieScienceCenter.org.

To register for 21+ Night, call 412.237.3400 and press 7, or click on 21+ Night on the homepage of the website, CarnegieScienceCenter.org.

-MORE-
21+Love is sponsored by Bob FM and Q 92.9. The USS Requin submarine and Highmark SportsWorks® will not be open that evening.

About Carnegie Science Center
Carnegie Science Center is dedicated to inspiring learning and curiosity by connecting science and technology with everyday life. By making science both relevant and fun, the Science Center’s goal is to increase science literacy in the region and motivate young people to seek careers in science and technology. One of the four Carnegie Museums of Pittsburgh, the Science Center is Pittsburgh’s premier science exploration destination, reaching more than 700,000 people annually through its hands-on exhibits, camps, classes and off-site education programs.

About Carnegie Museums of Pittsburgh
Founded by Andrew Carnegie in 1895, Carnegie Museums of Pittsburgh is a collection of four distinctive museums dedicated to exploration through art and science: Carnegie Museum of Art, Carnegie Museum of Natural History, Carnegie Science Center, and the Andy Warhol Museum. Annually, the museums reach more than 1.2 million people through exhibitions, educational programs, outreach activities and special events.
