SCIENCE CENTER TO PRESENT NEW LINE-UP OF LASER SHOWS

MGMT LASER SHOW JOINS THE SUMMER SCHEDULE

PITTSBURGH, May 6, 2015 — Carnegie Science Center is offering a spectacular sight and sound experience in the Buhl Planetarium for visitors of all ages with its new summer 2015 laser show line-up.

Brand new to Carnegie Science Center is the Laser MGMT show. This Grammy award-winning duo has played with world-class artists such as Radiohead, The Flaming Lips, Beck, and Paul McCartney. Now Laser MGMT comes to the Buhl Planetarium dome in dazzling laser light. The show features a selection of songs from each of their albums and explores the depths of their imagery.

Fan favorite Laser Daft Punk will continue as a matinee show. The show features Daft Punk’s most popular songs such as “One More Time” and “Around the World.” It’s a fun, danceable, energetic matinee friendly for all ages.

Laser shows at the Science Center offer a wide range of musical styles and genres, including Michael Jackson, Van Halen, Electronic Dance Music, and Midnight Floyd – a Science Center staple for decades.

Spirit of America, a special patriotic show, will be shown on Memorial Day and Independence Day weekends.

The new show schedule will run as follows:

May 4 – May 17

Matinee (Monday – Sunday):
Laser Daft Punk

Friday evenings:
Laser Michael Jackson
Laser MGMT
Laser EDM
Midnight Pink Floyd

Saturday evenings:
Laser Michael Jackson
The Vision Bell: The Best of Laser Floyd
Laser MGMT
Laser EDM
Midnight Pink Floyd

May 18 – Sept. 6

Matinee (Monday – Sunday):
Laser Daft Punk

Friday evenings:
Laser Michael Jackson
Laser Van Halen
Laser MGMT
Laser EDM
Midnight Pink Floyd

Saturday evenings:
Laser Michael Jackson
The Vision Bell: The Best of Laser Floyd
Laser Van Halen
Laser MGMT
Laser EDM
Midnight Pink Floyd

Cost for laser show admission is $2 for members and $8 for non-members. A second laser show or Omnimax ticket can be purchased for an additional $5.

Showtimes and descriptions are available at CarnegieScienceCenter.org.

About Carnegie Science Center

Carnegie Science Center is dedicated to inspiring learning and curiosity by connecting science and technology with everyday life. By making science both relevant and fun, the Science Center's goal is to increase science literacy in the region and motivate young people to seek careers in science and technology. One of the four Carnegie Museums of Pittsburgh, the Science Center is Pittsburgh’s premier science exploration destination, reaching more than 700,000 people annually through its hands-on exhibits, camps, classes, and off-site education programs.

About Carnegie Museums of Pittsburgh

Founded by Andrew Carnegie 120 years ago, Carnegie Museums of Pittsburgh is a collection of four distinctive museums dedicated to exploration through art and science: Carnegie Museum of Art, Carnegie Museum of Natural History, Carnegie Science Center, and The Andy Warhol Museum. The museums reach more than 1.3 million people a year through exhibitions, educational programs, outreach activities, and special events.
