PITTSBURGH, July 18, 2016 – Carnegie Science Center is offering visitors of all ages a spectacular sight and sound experience in the Buhl Planetarium with its summer 2016 laser show lineup.

The new matinee show, Galactic Odyssey, will take guests on a musical journey of laser light. Visitors will soar through galaxies and past stars during this breathtaking show, blasting off to favorite interstellar tunes as the show flies through space.

Laser shows at the Science Center offer a wide range of musical styles and genres, including Laser Galactic Odyssey, Laser Michael Jackson, and The Vision Bell: Best of Pink Floyd.

During the August adults-only event 21 + Beer, the laser show Foo Fighters will be shown during the evening lineup. The show features the music of the band, known for brilliant combinations of melody and punk energy to create their award-winning sound. Laser Foo Fighters captures the power and intensity of a concert and pours it on to the dome in spectacular laser light.

The summer 2016 schedule is as follows:

Monday-Thursday
1:00 pm: LASER GALACTIC ODYSSEY

Friday
1:00 pm: GALACTIC ODYSSEY
5:00 pm: LASER MICHAEL JACKSON

Saturday
2:00 pm: GALACTIC ODYSSEY
5:00 pm: LASER MICHAEL JACKSON
7:00 pm: THE VISION BELL: BEST OF PINK FLOYD
Sunday
2:00 pm: GALACTIC ODYSSEY

AUGUST 21+ NIGHT – Beer – August 12, 2016
10:00 pm: FOO FIGHTERS
11:00 pm: DAFT PUNK
Midnight: PINK FLOYD

Cost for laser show admission is $2 for members. Non-members can purchase a single laser show ticket for $8 and tickets for a second show for an additional $5.

Show times and descriptions are available at CarnegieScienceCenter.org.

About Carnegie Science Center
Carnegie Science Center is dedicated to inspiring learning and curiosity by connecting science and technology with everyday life. By making science both relevant and fun, the Science Center’s goal is to increase science literacy in the region and motivate young people to seek careers in science and technology. One of the four Carnegie Museums of Pittsburgh, the Science Center is Pittsburgh’s premier science exploration destination, reaching more than 700,000 people annually through its hands-on exhibits, camps, classes, and off-site education programs.

About Carnegie Museums of Pittsburgh
Established in 1895 by Andrew Carnegie, Carnegie Museums of Pittsburgh is a collection of four distinctive museums: Carnegie Museum of Art, Carnegie Museum of Natural History, Carnegie Science Center, and The Andy Warhol Museum. In 2015, the museums reached more than 1.4 million people through exhibitions, educational programs, outreach activities, and special events.
