Carnegie Science Center to host 21+ Night: Swiftie Science

Adults-only, after hours event to celebrate pop icon through every Era

PITTSBURGH, November 19, 2024 – Pittsburgh Swifties, are you...ready for it? Celebrate the 35th birthday of everyone's favorite pop star at Carnegie Science Center during [21+ Night: Swiftie Science](#). On Fri., Dec. 13, adults 21 and over can enjoy a kid-free evening to trade friendship bracelets, explore four floors of exhibits, and engage in an evening of Eras fun!

From 6–10 pm, visitors can:

- Enjoy Taylor-themed cocktails and mocktails

- Show off their Eras Tour ensembles in a costume contest and channel their inner “Fearless” fashionista
- Test their knowledge during Taylor Trivia and prove they’re the “Mastermind” of all things Taylor
- “Shake it off” with laser karaoke in Buhl Planetarium, from “Love Story” to “Anti-Hero”
- See dazzling science demonstrations that’ll have “Sparks Flying” and make Swifties feel like they’re in a “Wonderland”
- Try to spot tiny Taylors from every era in the Miniature Railroad & Village®
- Enjoy full access to the Science Center’s exhibits – because even science is feeling 22

21+ Night: Swiftie Science is \$20 for Members and \$25 for Nonmembers when purchased in advance online. Valid ID is required for entry. Tickets for the event can be purchased online at: [CarnegieScienceCenter.Org](https://www.carnegiesciencecenter.org).

Tickets are selling “All Too Well” and should be purchased soon to ensure entry.

Carnegie Science Center

Carnegie Science Center, soon to be the Daniel G. and Carole L. Kamin Science Center, is dedicated to inspiring learning and curiosity by connecting science and technology with everyday life. By making science both relevant and fun, the Science Center’s goal is to increase science literacy in the region and motivate young people to seek careers in science and technology. One of the four Carnegie Museums, the Science Center is Pittsburgh’s premier science exploration destination and the region’s most-visited museum, reaching more than 500,000 people annually through its hands-on exhibits, camps, classes, and off-site education programs.

Accessibility: Features for All

Carnegie Science Center welcomes all visitors. We work to assist visitors with disabilities in obtaining reasonable and appropriate accommodations, and in supporting equal access to services, programs, and activities. We welcome visitors in wheelchairs on the deck of our USS Requin (SS 481) submarine. Below-deck visits require full mobility. Hearing assistance devices are available for The Rangos Giant Cinema. Please ask when you buy your ticket.

Please note that requests for accommodations should be made at least two weeks prior to your visit. For specific questions about wheelchairs, strollers, or other programmatic or equipment needs, see the ticket counter located on the first floor of the main building or contact Customer Service at 412.237.1641 or info@carnegiesciencecenter.org. Please contact Carnegie Museums Accessibility Coordinator with concerns regarding accessibility for visitors with disabilities at the museums. On weekdays, call 412.622.6578 or email accessibility@carnegiemuseums.org.

About Carnegie Museums

Founded by Andrew Carnegie in 1895, [Carnegie Museums](https://www.carnegiemuseums.org) is a family of four dynamic, distinctive museums: Carnegie Museum of Art, Carnegie Museum of Natural History, Carnegie Science Center, and The Andy Warhol Museum. The museums reach 1.5 million people a year through exhibitions, educational programs, outreach activities, and special events.
