SCIENCE CENTER PARTNERS WITH NORTH HILLS COMMUNITY OUTREACH
ON VIRTUAL PROGRAMMING

***ORGANIZATIONS WILL HOST THREE FACEBOOK LIVE EVENTS
ABOUT GARDENING AND HEALTHY EATING***

PITTSBURGH, March 18, 2021 — Carnegie Science Center is teaming up with North Hills Community Outreach to broadcast three Facebook Live events that will explore the science behind gardening and healthy eating.

The following virtual events will be hosted on Carnegie Science Center's [Facebook page](#) and will be available on the Science Center's [YouTube channel](#) following the livestream.

Worms and Vermicomposting

Wed., March 24 at 11 am

Dig into the science behind vermicomposting and learn about the important role worms play in fertilizing plants.

Harvesting Lettuce and Making a Salad

Wed., April 21 at 11 am

Learn how to seed, grow, and harvest lettuce to make a delicious and nutritious salad.

Apiaries and Bees

Wed., May 19 at 11 am

Take a virtual tour of North Hills Community Outreach's apiary and learn about the relationship between bees and plants.

These three Facebook Live events are part of Carnegie Science Center's Lettuce Grow Together! program, sponsored by GrowingGreat and Del Monte Foods. The program features virtual story times, experiments, and activities that explore the science behind fruits and vegetables and the importance of nutrition — all while helping to inspire healthy eaters. About Carnegie Science Center

Carnegie Science Center is dedicated to inspiring learning and curiosity by connecting science and technology with everyday life. By making science both relevant and fun, the Science Center's goal is to increase science literacy in the region and motivate young

people to seek careers in science and technology. One of the four Carnegie Museums of Pittsburgh, the Science Center is Pittsburgh's premier science exploration destination, reaching more than 700,000 people annually through its hands-on exhibits, camps, classes, and off-site education programs.

Accessibility: Features for All

Carnegie Science Center welcomes all visitors. We work to assist visitors with disabilities in obtaining reasonable and appropriate accommodations, and in supporting equal access to services, programs, and activities. We welcome visitors in wheelchairs on the deck of our USS Requin (SS 481) submarine. Below-deck visits require full mobility. Hearing assistance devices are available for The Rangos Giant Cinema. Please ask when you buy your ticket.

Please note that requests for accommodations should be made at least two weeks prior to your visit. For specific questions about wheelchairs, strollers, or other programmatic or equipment needs, see the ticket counter located on the first floor of the main building or contact Customer Service at 412.237.1641 or info@carnegiesciencecenter.org. Please contact Carnegie Museums of Pittsburgh's Accessibility Coordinator with concerns regarding accessibility for visitors with disabilities at the museums. On weekdays, call 412.622.6578 or email accessibility@carnegiemuseums.org.

About Carnegie Museums of Pittsburgh

Established in 1895 by Andrew Carnegie, Carnegie Museums of Pittsburgh is a collection of four distinctive museums: Carnegie Museum of Art, Carnegie Museum of Natural History, Carnegie Science Center, and The Andy Warhol Museum. In 2018, the museums reached more than 1.4 million people through exhibitions, educational programs, outreach activities, and special events.
