

Regeneron International Science & Engineering Fair

Atlanta, GA

May 8-13, 2022

APPLY NOW

The Regeneron International Science & Engineering Fair (ISEF) is the world's largest pre-college celebration of science. Held annually in May, ISEF brings together over 1,800 students from more than 75 nations to compete for scholarships, tuition grants, internships, scientific field trips and the grand prize, a \$75,000 college scholarship. You'll meet new friends, speak with Nobel Laureates and showcase your research on an international stage.

As a senior division participant of the Pittsburgh Regional Science & Engineering Fair (PRSEF), you may submit a preliminary application to attend ISEF.

Comments from past ISEF winners:

- *"...ISEF broadened my perspective and understanding of science and reaffirmed my decision to pursue a STEM career. Now I have lifelong friends and fellow scientists who love to explore and push limits and do what has not been done before..."*
- *"...Meeting young scientists and engineers from all around the world was such an amazing opportunity. I had the chance to meet students from West Virginia to the UAE, from Germany to Thailand, and although our cultures differed, the common language was science...."*
- *"ISEF is indeed a transforming experience -- the world's best young minds coming together for competition and leisure."*

2016 Finalists

GET INVOLVED! To be considered for ISEF, you must be registered as a Pittsburgh Regional Science & Engineering Fair participant in the senior division, email a Preliminary ISEF Student Application Form and your research paper to PRSEF@carnegiesciencecenter.org by February 27, 2022. Judges review these papers prior to PRSEF. Selected students will be interviewed on Fair Day. Final selection will be determined by a panel of judges. Winners will be announced during the Awards Ceremony the day after the fair. Winners must be available on or before April 2 for final paperwork submission to ISEF and agree to attend the ISEF competition.

For an application and rules, visit www.PittsburghScienceFair.org.
