NEW USS REQUIN ESCAPE ROOM AT CARNEGIE SCIENCE CENTER

NEW IMMERSIVE EXPERIENCE OPENS ON APR. 12

PITTSBURGH, Mar. 16, 2022 – Friends, families, and co-workers are invited starting April 13 for Escape USS Requin, a new immersive escape room experience where guests will spend 60 minutes to work collaboratively through the submarine’s many puzzles.

Starting at 5 pm or 7:30 pm, four to eight guests will enter USS Requin (SS 481) and use their deductive reasoning skills to escape the historic submarine through a series of puzzles and games. These challenges will use the USS Requin’s history, science, and general naval principles to provide guests with the clues necessary to make their triumphant escape. This exciting event on the Navy’s first Radar Picket submarine will run from April 13 to May 28.

Tickets are \$25 for Carnegie Museums of Pittsburgh Members and \$29 for Nonmembers. Tickets include admission to *Escape USS Requin* only. This event is recommended for guests 13 and older. If a party has guests under the age of 13, it is recommended that the party purchase all eight tickets in the time slot as courtesy to other participants. Please note, *full mobility* is required for this experience. In the case of inclement weather, participants have the option to reschedule their tickets for another day or request a refund. Advanced tickets are required – walk-ups not available.

About Carnegie Science Center

Carnegie Science Center is dedicated to inspiring learning and curiosity by connecting science and technology with everyday life. By making science both relevant and fun, the Science Center’s goal is to increase science literacy in the region and motivate young people to seek careers in science and technology. One of the four Carnegie Museums of Pittsburgh, the Science Center is Pittsburgh’s premier science exploration destination, reaching more than 700,000 people annually through its hands-on exhibits, camps, classes, and off-site education programs.

Accessibility: Features for All

Carnegie Science Center welcomes all visitors. We work to assist visitors with disabilities in obtaining reasonable and appropriate accommodations, and in supporting equal access to services, programs, and activities. We welcome visitors in wheelchairs on the deck of our USS Requin (SS 481) submarine. Below-deck visits require full mobility. Hearing assistance devices are available for The Rangos Giant Cinema. Please ask when you buy your ticket.

Please note that requests for accommodations should be made at least two weeks prior to your visit. For specific questions about wheelchairs, strollers, or other programmatic or equipment needs, see the ticket

counter located on the first floor of the main building or contact Customer Service at 412.237.1641 or info@carnegiesciencecenter.org. Please contact Carnegie Museums of Pittsburgh's Accessibility Coordinator with concerns regarding accessibility for visitors with disabilities at the museums. On weekdays, call 412.622.6578 or email accessibility@carnegiemuseums.org.

About Carnegie Museums of Pittsburgh

Founded by Andrew Carnegie in 1895, [Carnegie Museums of Pittsburgh](#) is a family of four dynamic, distinctive museums: Carnegie Museum of Art, Carnegie Museum of Natural History, Carnegie Science Center, and The Andy Warhol Museum. The museums reach 1.5 million people a year through exhibitions, educational programs, outreach activities, and special events.
