On March 22-25, 2022, PRSEF will celebrate its 83<sup>rd</sup> year of open competition of research projects in the fields of science, mathematics, and engineering. More than 1,000 students will research a topic, present their results and speak to judges who include the area's most distinguished scientists and engineers.

Nearly 500 awards will be presented and nearly 30% of the students will win an award. Students in grades 9-12 are eligible to compete at the Regeneron International Science & Engineering Fair (ISEF). Winning middle school students will be nominated for the Broadcom MASTERS Middle School Program.
